Sahasra Group Co. Announcement

Dt: 9 Oct 2025

Press Release

New Delhi: Sahasra Electronic Solutions Ltd is pleased to announce that the subsidiary of the company, Sahasra Semiconductors Pvt Ltd. is proud to announce a landmark partnership with M/s HAMA GmbH & Co KG, a leading German electronics brand, for the supply of Made-in-India Micro SD Cards & USB Thumb Drives to the European market.

This multi-year contract marks a significant milestone in India's journey toward building a globally competitive SME-led electronics manufacturing ecosystem.

The announcement was made today at the Meity Pavillion at the India Mobile Congress 2025, in the esteemed presence of Shri Nirmod Kumar, Director, MeitY, and Shri. Pankaj Mohindroo, Chairman ICEA, —underscoring the Government of India's & Industries continued commitment to nurturing indigenous innovation and global partnerships. On the occasion was present Mr. Thomas Bobinger from Hama Germany and Mr. Amrit Manwani from Sahasra.

Mr. Thomas Bobinger, Director of Product Management, HAMA GmbH & Co KG, added:

“We are highly impressed with Sahasra’s manufacturing capabilities and quality assurance processes. These Made in India Micro SD Cards and USB Thumb Drives have undergone rigorous validation and will soon be launched across Europe. We see India becoming a vital part of our global supply chain.”

Mr. Priyam Agrawal, Country Head – India, HAMA GmbH & Co KG added:

“We are very serious about India for both selling and manufacturing. Our Vision for MAKE IN INDIA is not only to sell in India but to export and sell across Europe / World. We are gradually expanding our portfolio and you will see many more Made In India products under Hama shortly.

Hama is known for its quality and reliability. The claim is backed by replacement warranty of 5 Years on all products. Our products are currently available in India on Amazon.in (online) and select offline partners offline across the country.”

Shri. Nirmod Kumar, Director Industrial Promotion - Electronics and H/w Manufacturing Division, MeitY, remarked:

“This collaboration is a testament to the progress Indian industry is making. The Government of India remains steadfast in its support for building a robust electronics manufacturing ecosystem. We congratulate Sahasra on this milestone achievement of exporting “Manufactured in India” Micro SD Memory for the Global Market. We wish HAMA & Sahasra all the success on this tie-up.”

Shri. Pankaj Mohindroo, Chairman ICEA remarked:

” This collaboration is a testament to the traditional Indian electronics industry coming of age and evolving technologically. GVC’s, new entrants are all good but it is only when the players who maintained their faith in their nation against all odds succeed that true success of policies can be identified.

This “Packaged in India, For the World” from Sahasra is a milestone for India as the first MII IC’s being shipped for the global market.

We congratulate Sahasra and HAMA on this promising alliance.”

Shri. Amrit Manwani, Chairman & Managing Director, Sahasra Group, stated:

“This partnership is a proud moment for Sahasra and for India. It reflects our unwavering commitment to packaging consumer and industrial grade Micro SD cards that meet global standards. With this we become the first company to export packaged memory devices from our semiconductor unit in Bhiwadi. “Packaged in India, Trusted by the world”

Micro SD cards are secure secondary storage memory devices used in products such as feature phones, CCTV & surveillance cameras, Hybrid Set Top Boxes among other industrial and consumer applications.

This achievement not only reinforces Sahasra’s leadership in memory product manufacturing but also exemplifies India’s growing stature as a trusted electronics hub—powered by policy support, global confidence, and indigenous excellence.

About Sahasra Group:

Sahasra, the “New Millennium” in Sanskrit, established in the year 2000 is a leading player in the Indian electronics system design and manufacturing space for the last 25 years.
